ABOUT THE LOCATION:

The Inspiration Studio Academy of Fine Art is located within a spacious basement suite with five individual workstations. The entrance and exit are through the gate to the east/ right of the house leading to the backdoor toward the Studio. Participants will receive their own workstation; materials and a limited amount of tool sharing may be necessary depending on the art activity. There is access to two washrooms, (one upstairs, one downstairs) and one large wash up sink. Everyone on-site is expected to use these *one at a time and not line up*. Washrooms will be sanitized after each use. Exit signs and fire escape maps are positioned inside the Studio for safety. Any misconduct such as moving furniture or affecting the lighting will not be tolerated. We want everyone to have a great time creating their artwork and have the peace of mind that we are all safe and having fun!

I have read these practices and will share them with my youth artist.
